FOR IMMEDIATE RELEASE

The Bannon Report Launches: Affordable Fraud Prevention for Everyone in the Supply Chain

Ormond Beach, FL March 1, 2025

The Bannon Report, a new freight fraud prevention platform, officially launched today to help logistics professionals vet carriers and brokers before fraud has a chance to strike. Built by industry insiders with firsthand experience battling double brokering, cargo theft, and spoofing, The Bannon Report delivers real-time risk assessments without compromising user privacy or overcomplicating workflows.

With over 18,000 flagged entities and a proprietary vetting system analyzing more than 100 data points per MC number, The Bannon Report empowers brokers, shippers, and carriers to avoid fraud before they even respond to an email or send over a rate confirmation.

"We built a proprietary vetting process that recognizes possible concerns the big guys are not addressing" said Phillip Brink, CEO of The Bannon Report. "Then we layered on a predictive algorithm that analyzes over 100 data points on every carrier and soon brokers too. We do not ask for your personal information. We do not track ELDs. We do not geo fence. We just built a process that gets the first step of vetting right."

Key Features of The Bannon Report

- **Real Time Predictive Scoring**
Instantly assess whether a carrier or broker is Safe to Proceed or a Do Not Use risk
- **18,000+ Flagged Carriers and Brokers**
Access a growing database of entities with verified risk history and user reported incidents
- **Manual and Algorithmic Vetting**
Combines human insight with predictive analytics to detect patterns others miss
- **Privacy First Platform**
No tracking, no ELD monitoring, and no geo fencing
- **Quick Search Tool**
Look up any MC number and get plain language results in seconds
- **Incident Reporting System**
Report and review bad actors to help keep the industry informed and secure
- **Affordable and Flexible Pricing**
Starting at just 40 dollars per month, making it the most accessible fraud prevention tool in the industry

The platform is already gaining traction, with paying users on every tier including enterprise accounts, and more subscribers signing up daily.

"The Bannon Report is built for the 96 percent of the industry that cannot justify another \$500 dollar tool or do not need all the bells and whistles" said Brink. "We are the step before you reply to that email or send over a rate confirmation, and we are priced so that any company can afford to protect their freight."

Subscription Plans

- Broker Vetting Tool: \$40 dollars per month
- Carrier Vetting Tool: \$60 dollars per month
- Combo Plan Broker and Carrier: \$80 dollars per month
- Multiuser Plan 5 Logins: \$150 dollars per month
- Unlimited Access: \$350 dollars per month
